

# Logistics and Supply Chain Management MSc

Top British Master's degree in Germany

Lancaster University Leipzig is a branch campus of Lancaster University, UK. The campus in Germany offers the highly recognised British degree from Lancaster University, all while studying in the heart of the vibrant city of Leipzig, on a modern and centrally located campus.

## Why study this at LU Leipzig?

With huge logistics hubs around the world, the demand for people who can apply the science of quality management to supply chains has never been greater.

In close consultation with industry, this programme has been developed to focus on the practical aspects. We offer a research-led teaching environment which is particularly strong in operations management and data analytics. Furthermore, students may undertake a 12-week placement in industry.

Graduates will have a problem-solving thinking and be able to analyse, model and optimise logistics and supply chains in global businesses.

## Your career opportunities

Leipzig is the fastest growing city in Germany with five main industries: Automotive, Logistics, IT & Media, Biotech and Energy. We provide a network of companies in all these fields. Our Careers Centre supports you in your job search. Benefit from professional skills workshops, career fairs, access to platforms and our Lancaster University Alumni Network.
